NOTE FOR: ICS Office Directors

FROM:

[REDACTED]

25X1

Director, Intelligence Community Staff

SUBJECT: Early "Update" Sessions

Just a reminder about my principle interests for our first few sessions together: I would like to concentrate on organization and management issues you would like to raise. I expect you to identify no more than three or four high-priority items regarding your office and/or the staff as a whole. Your advice and recommendations on problem areas are solicited as well.
